## **SECTION 1. IDENTIFICATION**

Product name Other means of identification	:				
Manufacturer or supplier's details					
Company name of supplier	:	Merck & Co., Inc			
Address	:	126 E. Lincoln Avenue			
		Rahway, New Jersey U.S.A. 07065			
Telephone	:	908-740-4000			
Emergency telephone	:	1-908-423-6000			
E-mail address	:	EHSDATASTEWARD@merck.com			
Recommended use of the ch	Recommended use of the chemical and restrictions on use				
Recommended use	:	Veterinary product			

Recommended use : Vet	terinary product
Restrictions on use : Not	t applicable

## **SECTION 2. HAZARDS IDENTIFICATION**

GHS classification in accordance with the Hazardous Products Regulations Skin sensitization : Sub-category 1A				
Carcinogenicity	:	Category 1B		
GHS label elements				
Hazard pictograms	:			
Signal Word	:	Danger		
Hazard Statements	:	H317 May cause an allergic skin reaction. H350 May cause cancer.		
Precautionary Statements	:	<ul> <li>Prevention:</li> <li>P201 Obtain special instructions before use.</li> <li>P202 Do not handle until all safety precautions have been read and understood.</li> <li>P261 Avoid breathing mist or vapors.</li> <li>P272 Contaminated work clothing should not be allowed out of the workplace.</li> <li>P280 Wear protective gloves, protective clothing, eye protection</li> </ul>		

according to the Hazardous Products Regulations

## Bovilis MH Single Shot RTU / MH + IBR Formulation

Version 3.2	Revision Date: 09/28/2024	SDS Number: 10876240-00012	Date of last issue: 06/26/2024 Date of first issue: 10/24/2022
		and face protectic	on.
		Response:	
		P308 + P313 IF e P333 + P313 If sk tion.	ON SKIN: Wash with plenty of water. exposed or concerned: Get medical attention. kin irritation or rash occurs: Get medical atten- e off contaminated clothing and wash it before
		Storage:	
		P405 Store locke	d up.
		Disposal:	

P501 Dispose of contents and container to an approved waste disposal plant.

#### Other hazards

None known.

## SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

#### Components

Chemical name	Common Name/Synonym	CAS-No.	Concentration (% w/w)
Antigen	No data availa- ble	Not Assigned	>= 50 - <= 54
White mineral oil (pe- troleum)	Paraffinum liquidum	8042-47-5	9.5
Glycerine	1,2,3- Propanetriol	56-81-5	1
Formaldehyde	Methyl aldehyde	50-00-0	0.3

#### **SECTION 4. FIRST AID MEASURES**

General advice	:	In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. Get medical attention.
In case of skin contact	:	In case of contact, immediately flush skin with soap and plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.
In case of eye contact	:	Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting.

Version 3.2	Revision Date: 09/28/2024	SDS Number: 10876240-00012	Date of last issue: 06/26/2024 Date of first issue: 10/24/2022
	mportant symptoms ffects, both acute and ed		oroughly with water. allergic skin reaction.
Protection of first-aiders Notes to physician		and use the red when the poter	nders should pay attention to self-protection, commended personal protective equipment tial for exposure exists (see section 8). atically and supportively.

## **SECTION 5. FIRE-FIGHTING MEASURES**

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.
Specific hazards during fire fighting	:	Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides
Specific extinguishing meth- ods	:	Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area.
Special protective equipment for fire-fighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment.

#### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- tive equipment and emer- gency procedures	:	Use personal protective equipment. Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8).
Environmental precautions	:	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g., by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Mathada and matarials for		Sock up with inart absorbant material

#### Methods and materials for : Soak up with inert absorbent material.

Version	Revision Date:	SDS Number:	Date of last issue: 06/26/2024

contai	nment and cleaning up	containment to k can be pumped, container. Clean up remain absorbent. Local or national disposal of this m employed in the determine which Sections 13 and	provide diking or other appropriate eep material from spreading. If diked material store recovered material in appropriate ing materials from spill with suitable regulations may apply to releases and naterial, as well as those materials and items cleanup of releases. You will need to regulations are applicable. 15 of this SDS provide information regarding ational requirements.

### SECTION 7. HANDLING AND STORAGE

Technical measures		See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.
Local/Total ventilation	:	If sufficient ventilation is unavailable, use with local exhaust ventilation.
Advice on safe handling	:	Do not get on skin or clothing. Avoid breathing mist or vapors. Do not swallow. Avoid contact with eyes. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure assessment Keep container tightly closed. Take care to prevent spills, waste and minimize release to the environment.
Conditions for safe storage	:	Keep in properly labeled containers. Store locked up. Keep tightly closed. Store in accordance with the particular national regulations.
Materials to avoid	:
