# Cefquinome (7.5%) LA Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 04/04/2023
9.9	09/30/2023	27825-00023	Date of first issue: 11/04/2014

#### **SECTION 1. IDENTIFICATION**

Product name	:	Cefquinome (7.5%) LA Formulation
Manufacturer or supplier's	deta	ails
Company name of supplier Address	:	Merck & Co., Inc 126 E. Lincoln Avenue Rahway, New Jersey U.S.A. 07065
Telephone Emergency telephone E-mail address	:	908-740-4000 1-908-423-6000 EHSDATASTEWARD@merck.com
Recommended use of the c	her	nical and restrictions on use
Recommended use Restrictions on use	:	Veterinary product Not applicable

#### **SECTION 2. HAZARDS IDENTIFICATION**

GHS classification in acco 1910.1200) Respiratory sensitization	ordance with the OSHA Hazard Communication Standard (29 CFR
GHS label elements	·

GHS label elements Hazard pictograms	:	
Signal Word	:	Danger
Hazard Statements	:	H334 May cause allergy or asthma symptoms or breathing diffi- culties if inhaled.
Precautionary Statements	:	Prevention: P261 Avoid breathing mist or vapors. P285 In case of inadequate ventilation wear respiratory protec- tion. Response: P304 + P341 IF INHALED: If breathing is difficult, remove per- son to fresh air and keep comfortable for breathing. P342 + P311 If experiencing respiratory symptoms: Call a doc- tor. Disposal:
		P501 Dispose of contents and container to an approved waste disposal plant.
Other hazards None known.		
		1 / 15

according to the OSHA Hazard Communication Standard

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

#### Components

Chemical name	CAS-No.	Concentration (% w/w)				
Cefquinome	118443-89-3	>= 5 - < 10				
Dihydroxyaluminium stearate	7047-84-9	>= 1 - < 5				
Actual concentration is withheld as a trade secret						

#### **SECTION 4. FIRST AID MEASURES**

General advice	:	In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.
In case of skin contact	:	In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.
In case of eye contact	:	Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur. Rinse mouth thoroughly with water.
Most important symptoms and effects, both acute and delayed	:	May cause allergy or asthma symptoms or breathing difficul- ties if inhaled. Excessive exposure may aggravate preexisting asthma and other respiratory disorders (e.g. emphysema, bronchitis, reac-
Protection of first-aiders	:	tive airways dysfunction syndrome). First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8).
Notes to physician	:	Treat symptomatically and supportively.

#### **SECTION 5. FIRE-FIGHTING MEASURES**

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.
Specific hazards during fire fighting	:	Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides Nitrogen oxides (NOx)

#### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Ingredients with workplace control parameters

•	•			
Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Cefquinome	118443-89-3	TWA	2000 µg/m3 (OEB 1)	Internal
	Further inform	ation: RSEN		
Dihydroxyaluminium stearate	7047-84-9	TWA (Inhal- able particu- late matter)	10 mg/m <sup>3</sup>	ACGIH
		TWA (Res- pirable par- ticulate mat- ter)	3 mg/m³	ACGIH
		TWA (Res- pirable par- ticulate mat- ter)	1 mg/m³ (Aluminum)	ACGIH

Engineering measures :	Use appropriate engineering controls and manufacturing technologies to control airborne concentrations (e.g., drip- less quick connections). All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Laboratory operations do not require special containment.
Personal protective equipmen	t
Perminatory protection	General and local exhaust ventilation is recommended to

# Respiratory protection : General and local exhaust ventilation is recommended to maintain vapor exposures below recommended limits. Where concentrations are above recommended limits or are unknown, appropriate respiratory protection should be worn. Follow OSHA respirator regulations (29 CFR 1910.134) and use NIOSH/MSHA approved respirators. Protection provided by air purifying respirators against exposure to any hazardous chemical is limited. Use a positive pressure air supplied respirator if there is any potential for uncontrolled

# Skin sensitization

Not classified based on available information.

#### Respiratory sensitization

May cause allergy or asthma symptoms or breathing difficulties if inhaled.

#### **Components:**

#### Cefquinome:

Routes of exposure	:	Inhalation
Result	:	May cause sensitization by inhalation.

#### Dihydroxyaluminium stearate:

Test Type :	Local lymph node assay (LLNA)
Routes of exposure :	Skin contact
Species :	Mouse
Result :	negative
Remarks :	Based on data from similar materials

#### Germ cell mutagenicity

Not classified based on available information.

#### **Components:**

#### Dihydroxyaluminium stearate:

Genotoxicity in vitro	<ul> <li>Test Type: Bacterial reverse mutation assay (AMES)</li> <li>Method: OECD Test Guideline 471</li> <li>Result: negative</li> <li>Remarks: Based on data from similar materials</li> </ul>
	Test Type: In vitro mammalian cell gene mutation test Method: OECD Test Guideline 476 Result: negative Remarks: Based on data from similar materials

#### Carcinogenicity

Not classified based on available information.

- **IARC** No ingredient of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
- **OSHA** No component of this product present at levels greater than or equal to 0.1% is on OSHA's list of regulated carcinogens.
- **NTP** No ingredient of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

Labe		:	9	
EmS	Code	:	F-A, S-F	
	ne pollutant	:	yes	
	•	n to		RPOL 73/78 and the IBC Code
	applicable for product as			
-				

#### **Domestic regulation**

49 CFR		
UN/ID/NA number	:	UN 3082
Proper shipping name	:	Environmentally hazardous substance, liquid, n.o.s. (Cefquinome)
Class	:	9
Packing group	:	III
Labels	:	CLASS 9
ERG Code	:	171
Marine pollutant	:	yes(Cefquinome)
Remarks	:	Above applies only to containers over 119 gallons or 450

according to the OSHA Hazard Communication Standard

# Cefquinome (7.5%) LA Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 04/04/2023
9.9	09/30/2023	27825-00023	Date of first issue: 11/04/2014

#### liters.

Shipment by ground under DOT is non-regulated; however it may be shipped per the applicable hazard classification to facilitate multi-modal transport involving ICAO (IATA) or IMO.

#### Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

#### SECTION 15. REGULATORY INFORMATION

#### **CERCLA Reportable Quantity**

This material does not contain any components with a CERCLA RQ.

#### SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

#### SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.

SARA 311/312 Hazards	:	Respiratory or skin sensitization	
----------------------	---	-----------------------------------	--

SARA 313	:	This material does not contain any chemical components with
		known CAS numbers that exceed the threshold (De Minimis)
		reporting levels established by SARA Title III, Section 313.

#### **US State Regulations**

Pennsylvania Right To Kno	W				
Glycerides, mixed Cefquinome	73398-61-5 118443-89-3				
Dihydroxyaluminiu	m stearate	7047-84-9			
California Permissible Exposure Limits for Chemical Contaminants					
Dihydroxyaluminiu	7047-84-9				
The ingredients of this product are reported in the following inventories:					
AICS	: not determined				
DSL	: not determined				
DSE	. not determined				
IECSC	: not determined				

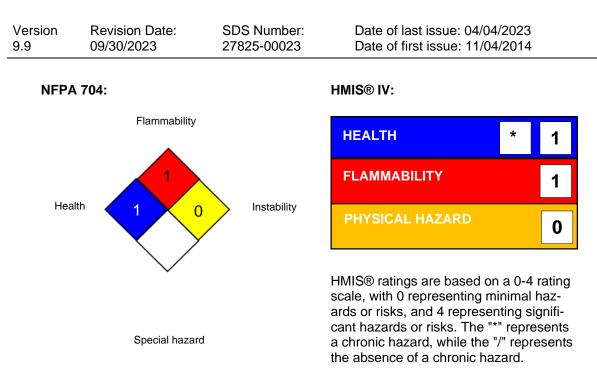

#### **SECTION 16. OTHER INFORMATION**

#### Further information

according to the OSHA Hazard Communication Standard

# Cefquinome (7.5%) LA Formulation

Sources of key data used to compile the Material Safety Data Sheet	:	Internal technical data, data from raw material SDSs, OECD eChem Portal search results and European Chemicals Agency, http://echa.europa.eu/
Revision Date	:	09/30/2023

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
